

Taking a journey is so much more fun with friends! So, let's walk through Lent together through the Catholic Women's League. We have been so hungry for companions throughout this past year with Covid-19 that wouldn't it be a wonderful world if we focused on making others happy, praying to God with our sisters in the league and continue our good work.

Lent is a period of reflection, prayer and personal sacrifice as we look forward to celebrating Easter and Jesus Glorious Resurrection.

Taking the time to read the morning and evening prayers and scripture each day is in itself a dedication to Christ's our saviours sacrifice to us all.

This is a great time to journey with God, time to be grateful and pray for a better world and we to can sacrifice as Jesus did for us by giving more of ourselves to our Lord our Saviour.
